Chipper™ BT - a compact magstripe & EMV card reader combines leading reliability and affordability in a single advanced mPOS device. This unit is suitable for diverse applications and industries that value mobility and convenience, while connected with Bluetooth® and firmly stuck to the back of your device with a removable adhesive sticky pad.

Chipper™ BT provides a superior chip reading platform with end-to-end data encryption technology, for easy and secure mobile payments anytime, anywhere.

It can fit in your pocket and is ready to go wherever you need a reliable and secure mPOS solution. It supports over-the-air firmware and key injection updates, which reduces complexity and boosts ease of use.
Facilitates secure and easy payment transactions

Unlimited paste and remove to various devices
