touchscreen

compatible with:

TELUM TETRA
With the Link/2500, Ingenico brings payment acceptance to any mobile solution.

**Highest security**
The Link/2500 is PCI-PTS 5.x certified. Its Telium TETRA OS uses the latest cryptographic schemes with future-proof key length.

**All payment options**
In addition to EMV Chip & PIN and swipe, Link/2500 supports the broadest range of contactless standards allowing NFC couponing and wallet use cases.

**Seamless integration**
Link/2500 facilitates the in-store integration due to its agnosticism. Thanks to WiFi and Bluetooth capability, connect any iOS, Android or Windows-based tablet or smartphone. Link/2500 can be directly connected to the back office for transactions routing.

**Best fit to any use case**
Due to its wide options panel and its three form factors, Link/2500 is able to perfectly suit to any need, and specifically in terms of compactness, autonomy and physical integration.

**Designed for mobility**
Featuring a pocket-sized, light weight and slim design the Link/2500 is built for the most demanding use, wherever you go.

**User-friendly and intuitive interface**
Featuring an edge design, Link/2500 is user oriented through a bright 2.4” color display, a real mechanical keypad and a USB-C connector which can be plugged upside down. Link/2500i model also provides external electrical connectivity pads and mounting rails for physical integration.

**End-to-end mobile point of sale solution**
Integrated with Ingenico mobile commerce platform, the Link/2500 provides the mobile card acceptance piece of an end-to-end mobile point of sale solution that includes a mobile POS application, an integrated suite of mCommerce management tools and payment processing - all of which can be fully branded and localized to meet the needs of any merchant worldwide.

**Secure in payment TELIUM Tetra OS**
Backed by 30 years of experience and with its user-friendly interface, the TELIUM Tetra Operating System embeds the best security mechanisms to protect transaction privacy and leverage Ingenico’s unique portfolio of payment applications.
