MOBILE REVOLUTION

Create a checkout wherever, whenever. VeriFone’s PAYware Mobile e210 pairs your iPod touch® with VeriFone’s card encryption reader for on-the-spot sales. With its PIN pad and integrated barcode imager, transactions are faster, efficiency is boosted and revenue opportunities are endless. All backed by VeriFone – the global leader in secure electronic payment solutions.

MUST-HAVE SOLUTION

- Roaming POS expands checkout to anywhere there’s a need
- Consult, sell and close the deal all at once, on the spot
- Reduce risk of walk-outs due to long lines or a change of heart
- Handing customers a smart device for payment lends a “wow” factor for merchants

A SECURE DECISION

- Secures customer data and significantly reduces liability risks for merchants
- Complete with VeriShield Total Protect, an advanced encryption and tokenization technology that secures cardholder data from the moment it is captured
- Use of Tamper Resistant Security Module (TRSM) protects the encryption keys from virtually every possible attack
- Helps take merchants out of the data protection business, significantly reducing PCI scope and lowering management and security costs

THE EFFICIENCY EXPERT

- Boost productivity and reduce operating costs
- Customer data integration for extensive loyalty programs, including digital coupons, gift cards and special offers
- Maximize floor space and budget by not adding costly POS systems

THE ULTIMATE IN FLEXIBILITY

- The flexibility of the VeriFone Mobile Framework allows retailers to develop customized applications for their unique needs
- Endless revenue opportunities from the extended POS to special events and seasonal outdoor sales
- Versatile solution that works with all forms of payment, including EMV chip and PIN, magnetic stripe and NFC

Hardware

Physical (Gen 2.0)
- Works with iPod touch
- 135 mm D x 74.5 mm W x 31.5 mm H
- 195 g (unit weight)
- Landed Smart Card Reader
- Mag Stripe Reader
- Integrated NFC
- 128 x 32 LCD Display
- 2 SAM Slots
- Integrated Barcode Imager
  - Capable of 2D and 1D barcodes

Environmental

- Operating temperature: 32° to 95° F (0° to 35° C)
- Nonoperating temperature: -4° to 113° F (-20° to 45° C)
- Relative humidity: 5% to 95% noncondensing
- Maximum operating altitude: 10,000 feet (3000 m)

Power

- 3.3V 100mA
- 5V 500mA Mini USB for Pass Through Power to iPod touch
- Micro USB Charging (PIN pad and iPod touch)
- Integrated battery, providing 12 hours of PIN pad operation

Applications

- VeriFone Mobile Framework allows for ease of development

Software Security

- 128-bit SSL link encryption
- End-to-end Encryption and Tokenization
- EMV Level 2
