

Electronics Technician II

POSDATA Group, Inc., a long-established leading distributor of payment technologies and related services including configuration, key injection, installation, support, and repair, has an immediate opening for an experienced Electronics Technician II to join our team in our Louisville, Kentucky service depot.

Under direct supervision, the Electronics Technician II performs tasks following detailed instructions and procedures to accurately diagnose, test and repair customer's failed electronic payment equipment within defined repair, quality and cosmetic standards and lead times.

Responsibilities:

- Possess a working knowledge of the appropriate use and applications of all part, test equipment, tools and documentation used POSDATA Group, assembly, repair, and test operations.
- Read and follow detailed oral and written procedures and detailed schematic and wiring diagrams.
- Use standard measurement tools and test equipment.
- Accurately record repair information and parts usage on service orders.
- Demonstrate component level repair capability.
- Replace and repair assemblies.
- Research and resolve product repair/support issues.
- Other duties as required.

Requirements:

- High school diploma; AA degree in Electronics Technology preferred, or equivalent combination of education, training and work experience.
- One to three years of electronic repair experience.
- Ability to use personal computers and learn various software packages.
- Ability to lift 50-70 pounds.
- Must be detail-oriented, flexible, and work well within a team environment.

Pay and Benefits:

- Pay: commensurate with experience.
- Medical, Dental, & Vision Benefits.
- Short-term and Long-term Disability.
- 401(k) Retirement Savings Plan.
- Paid Holidays and Paid Time Off.

Position type and Hours:

- Full Time, Regular, Non-exempt.
- Monday through Friday.
- Day shift.
